Venus: Student Account Access (Dreamweaver CS5)

You will need the following information to access your student account hosted on Venus:				
Connection URL: https://venus.atlantic.edu:82/(last name + last three digits of Student ID)				
User Name: Your seven-digit Student ID number				
Password: Your six-digit date of birth (mmddyy)				
Site URL: http://venus.atlantic.edu/(last name + last three digits of Student ID)				
For example, student John Doe, born June 1, 1990, with Student ID# 0123456 would have:				
Connection URL: https://venus.atlantic.edu:82/doe456				
User Name: 0123456				
Password: 060190				
Site URL: http://venus.atlantic.edu/doe456				

(Note: There are multiple ways to connect to Venus depending on your operating system and installed software. The following uses Adobe Dreamweaver CS5, but these instructions can also be applied to earlier versions of Dreamweaver or another WebDAV client.)

(Note: These instructions only cover how to configure a Venus server connection. For assistance with setting up a site in Dreamweaver, please contact your instructor.)

1.) Start Dreamweaver. From the main screen, open the 'Site' menu and select 'New Site.' Or, click on the 'Site' button and select 'New Site.'

2.) In the 'Site Setup' window, click 'Servers' from the list on the left, then click the plus (+) button to add a new server.

Si	te Setup for Site					×	
	Site						
	Servers	Here you'll select the server that will host your pages on the web. The settings for this dialog box come from your Internet Service Provider (ISP) or your web administrator.					
	Version Control						
۲	Advanced Settings	Note: You do not need to complete this step to begin working on your Dreamweaver site. You					
		only need to define a rem pages. Name	Address	o connect to the we	b and post	<i>you</i> r Testing	
		+ – Ø G Add new Server Help		Save		Cancel	

3.) A new window will appear. Make sure 'Basic' is selected at the top. You can use anything for the 'Server Name.' Choose 'WebDAV' from the list next to 'Connect using.'

	Basic Advanced
Server Name:	ACCC Site
Connect using:	WebDAV 🔹
URL:	http://
Username:	
Password:	Save
Web URL:	Test http://
Help	Save Cancel

4.) For 'URL,' enter: https://venus.atlantic.edu:82/(last name + last three digits of Student ID)

Example: Student John Doe with Student ID# 0123456 would enter https://venus.atlantic.edu:82/doe456

(Note: This might also automatically appear next to 'Web URL' at the bottom of the window. We will correct this in Step 7.)

	Basic Advanced
Server Name:	ACCC Site
Connect using:	WebDAV
URL:	https://venus.atlantic.edu:82/doe456/
Username:	
Password:	Save
Web URL:	Test https://venus.atlantic.edu:82/doe456/
Help	Save Cancel

5.) Enter your Venus 'Username' (seven-digit Student ID) and 'Password' (six-digit date of birth).

Example: Student John Doe, born June 1, 1990 with Student ID# 0123456 would enter:
User name: 0123456
Password: 060190

	Basic Advanced	
Server Name:	ACCC Site]
Connect using:	WebDAV 🗸]
URL:	https://venus.atlantic.edu:82/doe456/]
Username:	0123456]
Password:	•••••	🗹 Save
Web URL:	Test https://venus.atlantic.edu:82/doe456/]
Help	Save	Cancel

6.) Click 'Test' to verify your connection. You should receive a confirmation message. Click 'OK' to continue.

	Basic Advanced			
Server Name:	ACCC Site			
Connect using:	WebDAV			
URL:	https://venus.atlantic.edu:82/doe456/			
Username:	0123456			
Password:	•••••• 🗹 Save			
Web URL:	Test https://venus.atlantic.edu:82/doe456/			
Help	Save Cancel			
Dreamweaver				
Dreamweaver connected to your Web server successfully.				
	ОК			

7.) Before saving your settings, the 'Web URL' must show the correct address for viewing content in a browser. Use the following: http://venus.atlantic.edu/(last name + last three digits of Student ID)

Example: Student John Doe with Student ID# 0123456 would enter http://venus.atlantic.edu/doe456

(Note: The 'URL' entered in Step 4 is the address needed to transfer files to and from the server. The 'Web URL' in this step allows Dreamweaver to display previews of files located on the server as they are being worked on.)

	Basic Advanced
Server Name:	ACCC Site
Connect using:	WebDAV
URL:	https://venus.atlantic.edu:82/doe456/
Username:	0123456
Password:	Save
	Test
Web URL:	http://venus.atlantic.edu/doe456/
Help	Save Cancel

8.) Click 'Save' to save your settings. The 'Site Setup' window now lists the Venus server. Click 'Save' to return to the main Dreamweaver screen.
